

P 55
Entomology Department Photographs

Inventory

*****P55: #1-#170
are prints unless indicated otherwise: l.s.- lantern slide, f.n.- film neg, n.n.- nitrate
neg, g.n.- 5x7 glass negative (or 4x5 glass negative if indicated as: 4x5 g.n.)

- 1 Child, ca.1900; l.s.
- 2 Homestead - coast range, 1900's; 2 prints w/f.n.
- 3 Homestead, 1900's; 2 prints w/f.n.
- 4-5 Deer hunters, 1900's; #4 - 2 prints
- 6 Mary's Peak, from Carriage Factory, ca.1900; 5x7 g.n.

- 7 Buckboard - horse drawn, 1900's; 2 prints
- 8-9 Fly Ratifications, 1900's; #9 - 2 prints
- 10 Mount Angle Flax Plant, 1940; f.n.
- 11 Mill Pond, Acome, OR, 1914; w/n.n.
- 12-13 Forest fire, ca.1940; #12,#13 - 2 prints

- 14-16 Entomology Labs, ca.1939; #15 - w/f.n., #16 - f.n.
- 17 Dr. Herman A. Scullen, ca.1939; w/f.n.
- 18-19 Airplanes, ca.1940; #18 - 1925-1929 Curtis JN-4 "Jenny" Pilot-Lt Oakley G. Kelly
This is possibly the first crop duster in existence. Hopper on side of
fuselage was used for experimental crop dusting near Monroe. Thought to
be first such use of aircraft in United States. Oregon Agricultural College
pioneered operation in 1925. 2nd pilot was Willard Joseph Chamberlain Jr.
later on staff at OAC & OSC.; #19 - n.n.
- 20-22 Automobiles, ca.1940; #21,#22 - w/f.n.
- 23-24 Hugh E. Morrison

- 25 Bob Every, Tom Bunch; f.n.
- 26 Fred Hagelstein
- 27 Paul Oman

P55:#28-#41 are Pendleton Grain Growers Inc. Buildings, ca.1940

- 28 Umatilla
- 29-30 Holdman
- 31 Pilot Rock

- 32 Rew
- 33 ?
- 34 Sparks
- 35 Pilot Rock
- 36 Mission Elevator and Annex
- 37 Main house showing manholes to outside bins
- 38 Annex showing manholes to outside bins
- 39 Inside main house showing manhole and bins
- 40-41 Annex basement showing outside and overhead bin spouts as they reach conveyor belts

*****P55: #42-#46
are poultry related photos, ca.1940's

- 42 Chicken house ready for fumigation
- 43-44 Chicken mites: spraying crates with kerosene; w/g.n.
- 45 Pump and hose used to spray chicken parasites; w/g.n.
- 46 Chicken houses: One colony house covered with a fumigation tent, one uncovered

P55: #47-#53 are Beekeeping and Beekeeping related classes, 1912

- 47-48 Class in Beekeeping, OAC, 1912; w/g.n.
- 49 J.H. Berry Apiary, Central Point, OR, 1912; w/g.n.
- 50 Beekeeping class; w/g.n.
- 51 Winter stand for bee lines (20' sms wide blade?)
- 52 Bee veil; w/g.n.
- 53 Instruction frame with section of cone built below; w/g.n.
- 54-58 Automobiles - spraying apparatus, ca.1940
- 59-82 Spraying Apparatus, 1938-1941
- 83-84 Spraying Apparatus, 1914 4x5 g.n.
- 85 Spraying Carnations with soap solution for red spider; w/g.n.
- 86-88 Spraying Apparatus, 1914
- 89-93 Spraying Apparatus, 1924
- 94-103 Spraying Apparatus, 1930's
- *104-105 **Missing:** Spraying Apparatus, 1930's
- 106-108 Spraying Apparatus, 1930's; #107,#108 w/g.n.
- 109-125 Farm equipment, 1900-1940; #109 w/g.n., #111 2 prints, #113 g.n., #117, #119, #120 n.n., #121 pulled?
- 126-129 Harvesting/Swathing and equipment; l.s.
- *130-158 Farm equipment - horse drawn; #130-#132 l.s.; **Missing:**

- #133-#135,#139,#140,#143,#144,#156;
 #141,#142,#145,#146,#153,#155 n.n.; 154 f.n.
 159 Buckboard - horse drawn; f.n.
 160 Title Bat Roost; l.s.

*****P55:#161-#167
 are from "A History of Entomology at Oregon State University", located in MC -
 Entomology Dept.

- 161 Dr. Don Mote, Department Head, 1924-1957
 162-163 Dusting to control Cherry Fruit Fly on sweet cherries, 1930
 164 Dusting Prunes to control Pear Thrips, Umpqua Valley, 1937
 165 Prune Orchard on right sprayed with DDT for Thrips control and orchard on
 left unsprayed. S.C. Jones (Right) and R.H. Robinson (left), Agricultural
 Chemist, 1945.
- 166 Staff and Graduate Students of the Entomology Department, 1957
 Front Row: Talaat Mitri, J.D. Lattin, H.E. Morrison, Milton Savos, A.A. Scullen,
 F.F. Hasbrouk
 Middle Row: Warren Adlerz, Gerald Kraft, Don C. Mote, B.G.
 Thompson,W.J.Chamberlin (Chamberlain?), H.H. Crowell
 Back Row: R.W. Every, Gene Carpenter, Robert Nelson, E.A. Dickason, C.H.
 Martin, Joseph O'Brien, S.C. Jones,L.C. Terriere, Richard Eppley, R.L.
 Goulding, R.F. Koontz, P.O. Ritcher
- 167 Buildings at Entomology Farm on Oak Creek Road (south 35th Street), 1958
 168-170 Color prints (printer's proofs?) of Peter Hughes Westigard taken in the
 orchards at the Southern Oregon Experiment Station
 (P55:170 stored in 12x17 oversize box)
- 171-173 Faculty and student groups.
- 171 Faculty and students, 1958; numbers indicated on photocopy; faculty
 unless indicated otherwise:
 1) Talaat Mitri, MS student (J. Lattin)
 2) John D. Lattin
 3) Hugh Morrison
 4) Milton Savos, graduate student
 5) Herman A. Scullen
 6) Frank Hasbrouck
 7) unknown
 8) G.W. Kraft, Ph.D. student (J. Lattin)
 9) C. Don Mote
 10) Benjamin G. Thompson

- 11) W.J. Chamberlin
- 12) H.H. Crowell
- 13) Paul O. Ritcher
- 14) Robert Every, Extension faculty
- 15) Gene Carpenter, graduate student (K. Swenson)
- 16) unknown
- 17) Elvis Dickinson
- 18) Charles Martin
- 19) Joe O'Brien, graduate student (G. Krantz)
- 20) Sid Jones
- 21) Leon Terriere
- 22) Dick Eppley, graduate student (W. Stephen)
- 23) Robert L. Goulding
- 24) Robert Koontz, technician

172 Faculty and students, ca. Fall, 1958; numbers indicated on photocopy.

- 1) Ernie Hodgson; 2) unknown; 3) Roger Ryan;
- 4) David Smith; 5) Talaat Mitri; 6) Alan Steinauer; 7) W.P. Stephen; 8) unknown; 9: Knud Swenson; 10) Brian Aiscough; 11) Julius Rudinsky; 12) unknown; 13) Clive Jorgensen; 14) Paul Ritcher.

173 Faculty retreat at Menucha, 1978; color print and b/w print.

- Row 1: Joe Capizzi; Glenn Fisher; Ralph Berry; Lee Ryker.
- Row 2: Julius Rudinsky; M.T. AliNiasee; Dick Clarke; G.W. Krantz; Peter McEvoy; Victor Brookes; H.H. Crowell.
- Row 3: Jim Kamm; John Lattin; George Ferguson; Paul Oman; Bruce Eldridge.
- Row 4: Peter Westigard; Sy Yu; Mike Burgett; Norm Anderson.

Inventory of Accession 95:066

(P shelves)

Faculty portrait photographs, ca. 1890-1972; includes 46 b/w prints (primarily 8x10), 1 8x10 color print, and 3 4x5 negatives.

Schuh, Joe
Stone, Marshall W.
Swenson, K.G.
Tanner, Carl
Thompson, Benjamin G.
Washburn, F.L.
Wilbur, D.
Wilcox, J.
Wilson, H.F.

The following photographs, negatives and slides were pulled from several groups of records from the Entomology Department. Accession numbers include: 95:056; 95:066; 95:073; 96:009; 96:044; and 97:002.

Systematic Entomology Laboratory - SEL

10 strips of negatives showing laboratory and students using entomology collections

Six photographs showing laboratory and students using entomology collections

Two proof sheets of the above negatives, showing laboratory and students using entomology collections

Photograph of Dr. Carlton Koehler, Head, Entomology Department, n.d.

Five photographs of insects on plant leaves by Knud G. Swenson, n.d.

Four photographs of stunted and healthy plants, by Swenson and Hagedorn
Earwig and parasite photos

23 photographs of plants, insects, and equipment, by H.H. Crowell and Portland
Earwig Parasite Lab

Double parasitism of male earwig - rather unusual; *Bigon. Settippennis* larvae
emerging simultaneously

Eight nitrate negatives of earwig, from Earwig Parasite Lab of Portland, Oregon
(stored separately)

28 nitrate negatives and 23 photographs of earwigs, equipment, and buildings from
Earwig Parasite Lab of Portland, Oregon (nitrate negatives stored
separately)

Eleven photographs of fields, plants, and insects from "Spittle Bugs on Strawberries, 1932,"
by K. Gray and W.D. Edwards

One photograph of Linnaean Games team of 1984, from Entomology Society of America
folder of 1974-85

One photograph of adult earwig parasites

23 photographs of fields, plants, plant roots, larvae and insects, June, 1934

Negative of European Elm Scale, OSC Campus, June 1, 1947 by Rosenstiel

Photograph and negative of Elm Aphid Injury, Dr. Rosenstiel, 1946

Photograph of Dr. Hugh E. Morrison, May, 1967

Photograph of Dr. Paul M. Oman, Sr., Professor of Entomology, Chair, ca 1970

Two sets of slides (35 slides in each) from National Workshop for Pesticide Application
Training, n.d.

Photograph of Dr. Ken Gray with others, registering at a meeting or conference, n.d.

Two negatives of either of Sid Jones or Bob Lauderdale, n.d.
