Series Outline

Series I. Individual Photographs
Series II. Albums
Series III. Documentary Materials, 1935 - ca. 1975
Detailed Description of the Collection

Series I. Individual Photographs

1900-1910

Box
1 Old machine #1, ca. 1900 [Still in operation in 1970. Mare drier and hood have been added since.]
1 Outside of mill with men working on a straw stack, ca. 1900 [With letter dated 1971 from Jim Dodge.]
1 Constructing new dam, July 1907 (35mm slide)
1 New dam, July 1907 (35mm slide)
1 Hay stack, ca. 1907
1 River bank, ca. 1907
1 Men on wood carrier, by J.O. Morris, ca. 1908
1 Cordwood and conveyor by J.O. Morris, ca. 1909 (2 prints)
1 Tracks through stacks of cordwood, 1909 (35mm slide and print)
1 Road beside stacks of cordwood and conveyor, 1909 (35mm slide)
1 Construction of building by J.O. Morris, 1909
1 Roads and tracks around cordwood, ca. 1909 (2 prints)
1 Conveyor and cordwood on fire by J.O. Morris, 1909 (print on matboard)
1 Fire in conveyor, firemen worked for 72 hours, Grant Lindly [Mrs. Hugo Crener's dad] worked on fire, by J.O. Morris, May 28, 1909 (postcard)
1 Firemen spraying water on wood by J.O. Morris, 1909 (3 prints)
1 Water spraying on wood with men watching from conveyor, 1909 (4 prints)
1 Water spraying on wood, 1909
1 Water spraying on wood with men watching from conveyor, 1909 (3 prints)
1 Cordwood and conveyor, 1909 (3 prints)
1 Conveyor, wood and other buildings, ca. 1909
1 Outside entrance for rail cars of wood by J.O. Morris, ca. 1909
1 Outside of mill by J.O. Morris, ca. 1909
1 Conveyor and cordwood by J.O. Morris, ca. 1909
1 Conveyor and cordwood, ca. 1909
1 Tracks through cordwood, ca. 1909
1 Conveyor, cordwood and rail cars, ca. 1910
1 Outside of mill, ca. 1910 (print on matboard)
1 Men with team of horses, ca. 1910 (2 prints)
1 Conveyor and cordwood, ca. 1910
1 Tracks over water by J.O. Morris, ca. 1910
1 Man with team of horses, ca. 1910

1912-1920
1 Man with log in stream, ca. 1912 (2 prints)
1 Culvert, ca. 1912 (3 prints)
1 Pipes, ca. 1912
1 Tracks inside mill, ca. 1912 (2 prints)
1 Road next to flag pole, ca. 1912
1 Bridge over river, ca. 1912
1 Dug up area with lumber, ca. 1912
1 Building with railroad tracks outside, ca. 1912
1 Men working in stream, ca. 1912 (2 prints)
1 Lumber next to stream, ca. 1912 (2 prints)
1 Bridge, ca. 1912
1 Bridge with lumber underneath, ca. 1912 (2 prints)
1 Building under construction by J.O. Morris, 1912 (3 postcards)
1 Corroded metal cylinder, ca. 1912 (2 prints)
1 Culvert, ca. 1912
1 Belt on machinery, ca. 1912 (2 prints)
1 Lumber next to stream, ca. 1912 (2 prints)
1 June 1913 drive Thomas Cr looking up stream from tree below upper boom, 1913 (35mm slide)
1 View of bar below upper boom Thomas Cr. Note tree felled for safety of Jun 13 drive, 1913 (35mm slide)
1 Closer view of tree across Thomas Cr upper boom which saved Jun 1913 drive during freshet, 1913 (35mm slide)
1 Another view of the 1500 Cds. wood in June 1913 Thomas Cr. drive, 1913 (35mm slide)
1 Lower Boom Thomas Cr. 1913 (35mm slide)
1 Bridge over Thomas Cr. below Gilke Station, 1913 (35mm slide)
1 Mill in snow, 1919 (2 prints, one on matboard)
1 Mill in snow with steam from smokestacks, 1919 (3 prints, one on matboard)
1 Two men in front of mill, 1919 (2 prints, one on matboard)
1 Mill with bridge in foreground, 1919 (2 prints, one on matboard)
1 Tanks covered in ice, 1919 (print on matboard)
1 Outside of mill, 1919 (print on matboard)
1 Tower covered in ice, 1919 (3 prints)
1 Stream with ice, 1919 (4 prints)
1 River with ice, 1919 (3 prints)
1 Mill and tower in snow and ice, 1919 (9 prints)
1 Mill in snow by J.O. Morris, 1919 (2 prints)
1 Mill with stacks, 1919
1 Mill with snow, 1919
1 Walkway covered with ice, 1919
1 River iced over, 1919
1 Bridge with icy water, 1919 (3 prints)
1 Bridge with icy water, 1919
1 Snow and wood, 1919
1 Logs, 1919
1 Icy river and building, 1919 (3 prints) [3 views]
1 Men with wood, 1920
1 Men cutting wood, 1920 (2 prints)
1 Conveyor, 1920 (2 prints)
1 C.W. Bruce, 1920
1 Manager's house, 1920
1 Fire tank tower, 1920 (2 prints) [2 views]
1 Conveyor, 1920 (3 prints)
1 Workers, 1920 (2 prints)
1 Superintendent's House, 1920 (4 prints) [4 views]
1 Mill with fire tank tower by J.O. Morris, 1920
1 Tuopins' Railway, 1920 (35mm slide)
1 Wood Cutters at Tuopins' Camp, 1920 (35mm slide)
1 Harold Swafford, Mgr. Lebanon, 1920 (print on matboard)

1921-1923
1 Conveyor, 1921
1 Wood under the conveyor, 1921
1 Conveyor, 1921 (3 prints)
1 Rail car partially buried, 1921 (2 prints)
1 Broken wood leaning against stairs, 1921 (2 prints)
1 Washed out area on river, 1921 (3 prints)
1 People on road after flood water receded, 1921 (3 prints)
1 Cars on road after flood water receded, 1921 (6 prints)
1 Mill buildings tipped after flood, 1921 (3 prints)
| 1 | Fire tank tower, ca. 1921 (2 prints)                       |
| 1 | Rail car partially buried, 1921                          |
| 1 | Car by river, 1921                                       |
| 1 | Men by partially buried rail car, 1921 (2 prints)        |
| 1 | People next to flood waters in town, 1921 (2 prints)     |
| 1 | Buildings tipped by flood waters, 1921                   |
| 1 | Culvert full of water, 1921                              |
| 1 | Mill with fire tank tower, ca. 1921 (2 prints)           |
| 1 | Flooded river, 1921                                     |
| 1 | Cordwood in yard, 1921 (3 prints)                        |
| 1 | Stream and buildings, 1921 (2 prints)                    |
| 1 | Cordwood in yard, 1921 (3 prints)                        |
| 1 | Mill with fire tank tower, ca. 1921 (2 prints)           |
| 1 | Men on remains of building, 1921                         |
| 1 | Wood with mill in background, ca. 1921                   |
| 1 | Man and woman in town after flood, 1921 (3 prints)       |
| 1 | End of conveyer, 1921 (2 prints)                         |
| 1 | Conveyor and wood, 1921 (3 prints)                       |
| 1 | Flood water in town, 1921                               |
| 1 | Rail car full of wood, 1921                             |
| 1 | Mill with scrap metal pile, 1921 (3 prints)              |
| 1 | Buildings tipped by flood water, 1921 (2 prints)         |
| 1 | Brush by river, 1921 (2 prints)                          |
| 1 | Washout in river, 1921                                  |
| 1 | End of conveyer, 1921 (3 prints)                         |
| 1 | Conveyor with wood under it, 1921 (3 prints)             |
| 1 | Cord wood and conveyor, ca. 1921                        |
| 1 | Washout in river, 1921 (3 prints)                        |
| 1 | Railroad trestle, 1921                                  |
| 1 | End of conveyer, 1921 (2 prints)                         |
| 1 | Stream with conveyer in background, 1921 (3 prints)      |
| 1 | End of conveyer and rail car, 1921                       |
| 1 | Horse pulling car and rail cars, 1921                    |
| 1 | View of 242 ft. steel Bridge Mills A to B looking north before putting on decking and hand railing, January 21, 1921 |
| 1 | Reinforcing Steel details in new Girder Room No. 4, January 21, 1921 |
| 1 | Panel Connection Detail Steel Bridge Mills A to B, January 21, 1921 |
| 1 | Car next to buildings, 1921                             |
| 1 | Conveyor, 1921 (2 prints)                               |
| 1 | Flooded river, 1921 (2 prints)                          |
| 1 | Mill, ca. 1921                                          |
| 1 | Conveyor partially full of wood, 1921 (3 prints)         |
| 1 | Conveyor full of wood, 1921                             |
| 1 | Conveyor, 1921                                          |
| 1 | Men working inside mill, ca. 1921                       |
| 1 | Rail cars and conveyor full of wood, 1921               |
| 1 | Looking down on rail cars and building, 1921             |
| 1 | Logs with mill and fire tank tower in background, 1921   |
| 1 | Tracks leading into mill, 1921                          |
| 1 | Wood stacked outside of building, 1921                   |
| 1 | Looking down on part of mill, ca. 1921                  |
| 1 | Rail cars full of wood, 1921                            |
| 1 | Conveyor, 1921                                          |
Conveyor partially full of wood, 1921
Parade, ca. 1921
Parade float, ca. 1921 (3 prints)
House, ca. 1921
Building the carpenter shop, 1922
Carpenter shop almost complete, 1922
Building boiler house roof, 1922 (2 prints)
Building spur track for hog fuel, 1922
Building boiler house roof, 1922 (2 prints)
Dismantling of shops, 1922 (21 prints) [7 views]
Building spur link, 1922
Frame of boiler room roof, 1922
Men working on remains of shops, 1922 (5 prints) [3 views]
View of mill and railroad track by J.O. Morris, 1922
Constructing a storage tank, ca. 1922 (9 prints) [3 views]
Men on roof beams, 1922 [2 views]
Brick chimney, 1922
Conveyor with cord wood, 1922
View of mill and railroad tracks, 1922 (2 prints)
View of rail cars from above, 1922
Completed shop building, 1922 (2 prints)
Entrance to mill, 1922
Excavation site and lumber, 1922
Conveyor, 1922
Cord wood in yard, 1922
Outside of shop, 1922
Outside entrance of mill, 1922
View of mill, 1922 (2 prints and negative)
View of roof, 1922
Rail cars of cord wood, 1922 [9 views]
Parade float, 1922 (3 prints)
Approach to conveyor & how wood is carried to top of conveyor for distribution, 1922 (35mm slide)
Rail cars with conveyor in background, 1923
River bank, 1923 (2 prints)

1925-1940
Mill and dam, ca. 1925 (3 prints)
Dam, ca. 1925 (2 prints)
1st prize Strawberry Fair, 1925 (2 prints)
L to R Ed Guy, Programming; S.T. Galoway, Storekeeper; High Olds, Office Mgr.; Olive Brock, Office; Layton Loftin, Accounting 7 Purchasing; H.A. Swafford, Res. Manager; Floyd Gallagher, Timekeeper, ca. 1925
Man at desk, ca. 1925 (2 prints) [2 views]
Three men in work clothes, ca. 1925
Ten men at table by J.O. Morris, ca. 1925
Man outside of shop, ca. 1925
Man in suit, ca. 1925
Men with water pump, 1927 (2 prints)
Men with water pump and hoses, 1927 (3 prints)
Lebanon, view of dam, July 26, 1927
Storage tank, ca. 1927
Taken April 9th 1927 Toledo Spruce, 1927 (3 prints) [2 views]
Wood on truck, ca. 1927
View of mill with sun glare, ca. 1929
View of mill, ca. 1929 (print and negative)
Pipes and cog wheels, ca. 1929 (print and negative)
View of mill, ca. 1929 (2 prints and negative)
Parade float, ca. 1929
Lebanon 4-2-29 wooden berth in stream, 1929 (3 prints)
Lebanon 4-2-29 river, 1929
Road, ca. 1929 (6 print) [2 views]
Road and car, ca. 1929 (2 prints)
Bridge, ca. 1929 (3 prints)
Bridge, ca. 1929
Pipes and baths, ca. 1929 (3 prints)
View of mill from above, ca. 1929
View of mill from above, ca. 1929
View of yard from above, ca. 1929
View of dam, ca. 1930
Logs in river, ca. 1932
Nov 13th 1936 construction of a tower, 1936
Nov 17-36 construction of a tower, 1936
Nov 17-36 construction of a tower, 1936
Nov 18-36 construction of a tower, 1936
Nov 20-36 PM construction of a tower, 1936
Nov 23-36 construction of a tower, 1936
Nov 23-36 PM construction of a tower, 1936
View of mill from field, ca. 1936
View of parking lot and pond, ca. 1938
Oregon City mill by Brubaker Aerial Surveys Portland, Oregon with four pieces of correspondence, 1939
Logs in the river, ca. 1940 [3 views]

1945

View of mill, ca. 1945 (2 prints)
Flag, ca. 1945
View of mill from field, ca. 1945
View of pond and mill sign, ca. 1945
View of tower and mill sign, ca. 1945 (print and negative)
View of mill building, ca. 1945 (print and negative)
Snow on railroad tracks, ca. 1945 (print and negative)
View of mill building, ca. 1945 (print and negative)
Pipes, baths and gears , ca. 1945 (print and negative)
View of mill, ca. 1945
Logs in yard, ca. 1945 (2.5x4 negative)
Rail car with wood inside mill, ca. 1945 (2.5x4 negative)
Barrels next to railroad tracks, ca. 1945 (2.5x4 negative)
View of mill, ca. 1945 (print and negative)
View of mill with wood under tarps, ca. 1945 (2.5x4 negative)
Inside of mill, ca. 1945 (2.5x4 negative)
Windows, ca. 1945 (2.5x4 negative)
Storage sheds, ca. 1945 (2.5x4 negative)
Railroad tracks in mill, ca. 1945 (2.5x4 negative)
C.Z. Leb. Plant, 1945
Six men, ca. 1945
View of mill, ca. 1945
House, ca. 1945 [2 views]
Parade float, ca. 1945
Outside view of part of the mill, ca. 1945
Evaporator, ca. 1945
Separator, ca. 1945
Men sitting, ca. 1945
2 Man in office door, ca. 1945

1947

Folder 1, 1947
2 Looking through roof from inside, 1947
2 View of roof from above, 1947
2 Lumber on lawn and in water, 1947
2 Pipes on roof, 1947
2 Tree limb in road, 1947
2 Flames within a furnace, ca. 1947 (6 35mm color slides) [6 views]
2 Paper - its story sign, ca. 1947 (35mm color slide)
2 Reference Elevations blueprint, ca. 1947 (35mm slide)
2 Roof frame in water by parking lot, 1947
2 Small out building, 1947
2 Roof frame in water, 1947
2 Men working under trees, 1947
2 Out buildings near water, 1947
2 Men propping up trees, 1947
2 Men under trees, 1947
2 Roof overhang with part missing, 1947
2 Mud and pipes, 1947 (4 color prints) [4 views]
2 Front loader tipped, 1947 [2 views]
2 Mud and debris in mill, 1947 [8 views]
2 Parade float, 1947
2 View of mill from above, ca. 1947
2 Paper machine press, 1947 [5 views]
2 Front loader with wood chips, 1947
2 Unloading logs from rail cars, ca. 1947 (5 prints) [5 views]
2 Unloading logs from rail cars, ca. 1947
2 Parade Float, June 1947
2 Centennial Parade Float June 6, 1947 2nd Prize Winner Industrial Div, 1947
2 Parade float, 1947 (3 prints) [3 views]
2 Easel Used During Open House', June 6, 1947
2 Beater Room Exhibit Open House, June 6, 1947
2 Easel Used During Open House', June 6, 1947
2 Open House' Registration, June 6, 1947
2 Open House' Visitors at Wood Mill, June 6, 1947
2 New Acid Cooler G.H. Gallaway, Res Mgr, June 6, 1947
2 Mill Front, June 6, 1947
2 View of log pond and storage from above, 1947
2 Entrance road to mill from above, 1947
2 Entrance road and parking lot from above, 1947
2 View of mill building, 1947
2 Railroad tracks and empty yard from above, 1947
2 Water truck with mill in background, ca. 1947
2 Five men outside, ca. 1947
2 View of mill, ca. 1947
2 Ducks in a pond, 1947
2 Men next to paper machine, ca. 1947
2 Flames within a furnace, 1947 (14 prints) [14 views]
2 Flames within a furnace, 1947
2 Inside a furnace, ca. 1947 (8 prints) [8 views]
2 Man next to pipes, ca. 1947
2 Water running over machinery, ca. 1947
1) looking west over concrete liquor tanks showing liquor storage, inclined pulp screen and evaporators, ca. 1947
2) looking west showing liquor storage tank, inclined pulp screen and evaporators, ca. 1947
3) Looking north toward ammonia tanks showing inclined pulp screen, liquor storage tank, evaporators and pipe support bents over tracks, ca. 1947
4) Looking northeast from boiler house roof showing evaporators and pipe bents over tracks, ca. 1947
5) Looking east from top east end of pipe support bents looking along pipe belts showing 8 stream line, evaporators, and inclined pulp screen, ca. 1947
6) Looking east from digester building platform showing chipper building roof cutout and piping to shipper building line and pipe bents beyond, ca. 1947
7) Looking southwest toward digester building showing new 10 wood stave water line and new cooling tower behind wood structure supporting chip conveyor), ca. 1947
8) Looking southwest from walkway between digester building and acid plant showing 10 w.s. water line, cooling towers and absorption towers. Note walkway built to top of cooling tower form digester building platform form transporting spiral tile to cooling tower, ca. 1947
9) Looking northeast from boiler house roof showing relocated seal pot, induced draft fan and section of 32 gas duct just hoisted up for connection to fan outlet, ca. 1947
10) looking north from boiler house roof showing new induced draft fan, 32 gas duct sections, seal pot, and tops of the three w.s. towers, ca. 1947
11) looking northeast over No. 4 boiler showing revised steam header arrangement, new air preheater addition and forced draft fan, ca. 1947
12) Looking east through dutch oven of No. 4 boiler toward combustion chamber showing nose of completed far arch over the dutch oven, ca. 1947

Folder 2, 1947

A railroad track scale is under construction at the Crown Zellerbach Lebanon mill chip unloading facility to keep pace with incoming wood ships which account for 85 percent of the mill's raw material, ca. 1947

Front of mill office, ca. 1947 (3 prints) [3 views]
Parade float, 1947
Woman and children signing into Open House, 1947
Four girls next to Paper-its story board, 1947 (3 prints)
People near safety exhibit, 1947
Group guided by Mr. Wymore observing raw materials exhibit in beater room, 1947
Exhibit in beater room, 1947
Group touring pulping area, 1947
Group touring rolling area, 1947
Group at front entrance of mill for Open House, 1947
Group at dice step area, 1947
Group at cartridge manila display, 1947
Group at No. 3 machine, 1947
Group at machine controls, 1947
Group receiving products, 1947
Group near large tanks, 1947
Paper-its story board, 1947
Paper-its story board, 1947 (3 prints)
Industrial Exhibit During Centennial at Grove's Hdw. June 6, 1947, 1947 (3 prints)
Replacement rail section for Power-Fab installation, including tensioning and rapid-clothing features.
All 304 stainless. C-Z Lebanon Machine #2, ca. 1947
Frame cross member for front-side pickup poles. All 304 stainless. C-Z Lebanon Machine #2, ca. 1947
No. 3 Machine, ca. 1947 [13 views]
Stripping bark off logs with chains, ca. 1947 (4 prints) [4 views]
2 Machine valves, ca. 1947 (2 prints) [2 views]
2 Two men with a lawnmower, ca. 1947 (2 prints) [2 views]
2 Man with cake Good Luck Lloyd", ca. 1947
2 Men with presents, ca. 1947 (2 prints) [2 views]
2 Two men, ca. 1947
2 Eye testing, 1947
2 500 Safe Days Something to Crow About cake, ca. 1947
2 You are the key to safety sign, ca. 1947
2 Safety Everywhere all the time sign, ca. 1947
2 Tree Farms display, ca. 1947
2 Forest Arboretum at Lebanon, ca. 1947
2 Visit our tree farms display, ca. 1947
2 Riverbank, ca. 1947 (4 prints) [4 views]
2 Part of mill view from outside, ca. 1947
2 Outside of mill, ca. 1947 (5x7 negative)
2 Log pond, ca. 1947 (5x7 negative)
2 Men entering mill, ca. 1947
2 Roof top of mill, ca. 1947
2 Inside of bathroom, ca. 1947
2 Generator, ca. 1947

Straw Stack, August 6, 1908
Ready for Loose Straw, White Fir Carrier in Foreground, August 6, 1908
Superintendents House, August 6, 1909
Waterloo Falls, August 8, 1908
Site of Removed Dam - Lebanon and Santiam Canal, August 8, 1908
Showing Fill on Lebanon and Santiam Canal, August 8, 1908
East Bank of Waterloo Falls, August 8, 1908
East Bank of Waterloo Falls, August 8, 1908
Waterloo Falls Looking Upstream, August 8, 1908
Hotel - Company's Property, August 8, 1908
Small Portion of Logs - Cheadle Lake, August 8, 1908
West Bank of Santiam at Waterloo Where Soda Springs are Located, August 8, 1908
Large Conveyor, August 6, 1908
Small Conveyor - White Fire Wood, August 6, 1908
Cordwood on Bors - Santiam River, August 8, 1908
Scene on Lebanon and Santiam Canal Showing Logs at Cheadle Lake in Boom, August 8, 1908
Scene on Lebanon and Santiam Canal at Cheadle lake Showing Lebanon Paper
Company's Logs in Boom, August 8, 1908
East View of Mill - Sunday - No Smoker, August 9, 1908
Chipper Room and Cordwood, August 29, 1908
Old Wood Conveyor, August 29, 1908
Field and New Warehouses, August 29, 1908
Wagons Unloading at Straw Stacks, August 29, 1908
Unloading Straw, August 29, 1908
Superintendents House & Carpenter Shop, August 29, 1908
Mills From R.R. Track Showing New Warehouse, August 29, 1908
Mills From R.R. Track Showing Blacksmith and Carpenter's Shop, August 29, 1908
Large Conveyor, August 29, 1908
West View of Mill, August 29, 1908
Opening Log Pond, August 29, 1908
Our Wheel Near the Electric Company, August 29, 1908
Preparing Foundation for New Electric Plant, August 29, 1908
Electric Plant, August 29, 1908
Opening Log Pond, August 29, 1908
Mills from company's Field, August 29, 1908
Mills from R.R. Track Showing W.P.&P. Co.'s Pulp, August 29, 1908
Mills from Road Showing Corp. & Machine Shops, August 29, 1908
4 Mills from Waddocks Walk, January 10, 1909
4 Large Conveyors, January 10, 1909
4 Heavy Snow, January 10, 1909
4 W.P.&P. Co. Sulphite, January 10, 1909
4 Cordwood, June 7, 1909 (3.print)
4 Cordwood, June 7, 1909
4 Conveyor After Fire, June 7, 1909
4 Hole Though Cordwood - After Fire, June 7, 1909
4 Portion of Burned Conveyor, June 7, 1909
4 Straw - 350 tons, August 25, 1909
4 New Sidetrack to Straw Shed, August 28, 1909
4 Scroggin Log Pond, August 20, 1909
4 Mining Rock for Dyke - Waterloo, August 20, 1909
4 Scroggin Log Pond Dam, August 29, 1909
4 Portion Waterloo Dyke, August 28, 1909
4 Side Track to Straw Shed, August 28, 1909
4 Starting Dam for Log Pond Scroggin, August 29, 1909
4 New Conveyor White Fir, August 29, 1909
4 Railroad cars, September 30, 1909
4 New Track, September 30, 1909
4 Straw Stack, September 30, 1909
4 Piece of a large metal container, September 30, 1909
4 Two large metal pieces, September 30, 1909
4 Two men on tracks near water, ca. 1909
4 Men with cart on tracks near water, ca. 1909
4 Shed with conveyor behind, ca. 1909
4 Outside of mill, ca. 1930

Album III

View of mill and straw, ca. 1899 [Note attached "10/22/51 Jack Lanning found this picture of the mill among his mother's papers. It was taken prior to 1904, as noted by weather statistics on back"]
4 A-1 Waterloo Dike Latter Part July 1911. Opposite Ms. Simmons House, 1911
4 A-2 No. 1 Carrier Wrecked By Hail Storm, September 11, 1911
4 A-3 East End Straw Shed Showing Remains of Barn After Hail Storm Sept. 11, 1911, 1911
4 A-4 Wreck of Straw Shed by Hail Storm September 11, 1911 From the South, 1911
4 A-6 View of Straw Shed Wreck From West End September 11, 11, 1911
4 A-5 East End of Wreck of Straw Shed by Hail Storm, September 11, 1911
4 A-7 Effect of Hail Storm on Large maple Tree North of Carpenter Shop, 1911
4 A-8 Frame Work of Paper Storage Warehouse, January 1912
4 #1 Taken January 10, 1912, 1912 [Coffelt Slough Dyke opening looking East to river]
4 #2 Taken January 13, 1912, 1912 [Coffelt Slough Dyke opening from river looking Northwest. Space between crosses shows extent of opening. This break allows flood waters to course down thro Marks Slough]
4 #13 Taken January 14, 1912, 1912 [North Santiam River looking up-stream thro cut in Coffelt Slough Dyke]
4 #3 Taken January 13, 1912, 1912 [Show flood conditions on river from below dam looking up-stream. Boom log is resting on bulkhead of dam. River was on foot higher after picture was taken]
4 #5 Taken January 13, 1912, 1912 [Marks Slough looking Southeast from West end of old settling pond]
4 #4 Taken January 13, 1912, 1912 [Head of Albany & Santiam Canal and river dam from Southwest bank of canal]
4 #6 Taken January 13, 1912, 1912 [marks Slough looking Northeast from West end of old settling pond]
4 #7 Taken January 13, 1912, 1912 [Albany & Santiam Canal over-flow into Marks Slough. In August and September there is little if any flow at this point]
4 #8 Taken January 13, 1912, 1912 [L.L. Co.'s Mill, Dams and Pond from Railroad trestle looking Southeast]
4 #9 Taken January 13, 1912, 1912 [Flood water from L.L. Co.'s pond South of railroad]
4 #10 Taken January 13, 1912, 1912 [Bridge Avenue looking East from bridge at slaughter house, showing flood waters from L.L. Co.'s pond. This is about 600 Ft. North of #8]
#11 Taken January 13, 1912 [South Santiam River looking North from railroad bridge. Right hand or East Channel, the old main channel has been re-opened by splitting of current by main pier of railroad bridge]

#12 Taken January 14, 1912 [East Channel South Santiam River looking northwest. For #13 see page following #2.]

#14 taken January 14, 1912 [Albany & Santiam Canal overflow into Marks Slough looking Northwest. Taken from opposite side of stream from #7]

#15 Taken January 15, 1912 [New Acid Room Foundation]

#16 Taken February 8, 1912 [New Acid Building]

#17 Taken February 8, 1912 [View of Plant from third story window Field Warehouse showing Paper Warehouse just Completed]

#18 Bridge over Thomas Creek below Gilke Station. (X) indicates location where Wood Carrier is to be erected, 1913

#19 Lower boom Thomas Creek. Wood is dropped into this boom as needed to supply carrier, 1913

#20 View of bar below upper boom. Note tree felled across stream and bar for safety of June 13 drive, 1913

#21 Closer view of tree across Thomas Creek upper boom which save June 13 drive during freshet, 1913

#23 Another view of the 1500 Cds. wood in June 13 Thomas Creek Drive, 1913

#22 June 13 drive Thomas Creek looking up stream from tree below upper boom, 1913

Snow Storm Dec. 1919. View of paper Mill form Main St, 1919

Dec. 1919 Close up of Mill from Shop Flume, 1919

Dec. 1919 Close up view from back of Mill, 1919

Dec. 1919 Looking north from Mill - Albany Ditch, 1919

Dec. 1919 Cool and Refreshing on a Summers Day, 1919

Dec. 1919 View of Mill from S.. Trestle, 1919

Lebanon Strawberry Festival June 1919. 1st Prize Industrial Parade, 1919

Spring of 1920. Foundation Construction for Fire Tank, 1920

Fire Tank Tower about 2/3rd Complete, 1920

Fire Tank Tower nearing Completion, 1920

Complete view from Shop Flume, 1920

X - Wood Room Extensions between Chipper Room & Barker Room, 1920

X Lower view showing the roof extension over wood room, 1920
