

Milton Harris Papers (MSS Harris)
Series 10. Professional Activities Scrapbook, 1946-1950
Box 12 Folder 01

This scrapbook is comprised predominately of clippings from newspapers (local, regional, and national) and industry publications (such as *Science News Letter*, *Women's Wear Daily*, and *Rayon Textile Monthly*) from 1946 to 1950. Topics include milestones in Harris' career; textile industry lectures and conferences events; and advancements in textile production such as moth-resistant wool, improved fabric dyes, wool reprocessing, shrink-proof wool, and wrinkle-resistant fabric. The scrapbook also includes several photographs, programs, advertisements.
