

Entomology Department Photographs (P 055)

Box	Image	
2	1	Child holding an injured prune blossom, ca.1900 [lantern slide]
1.1	2	Homestead - coast range, 1900's [2 prints, 1 neg.]
1.1	3	Homestead, 1900's [negative]
1.1	4	Deer hunters: 5 men standing near the rear of a truck, with deer, circa 1900's [2 prints]
1.1	5	Deer hunters: 2 men standing near deer strung up to skin, circa 1900's [print]
3	6	Mary's Peak, from Carriage Factory, ca.1900 [5x7 glass negative]
1.1	7	Buckboard - horse drawn, 1900's [2 prints]
1.1	8	Fly Ratifications, 1900's [print]
1.1	9	Fly Ratifications, 1900's [2 prints]
1.1	10	Mount Angle Flax Plant, 1940 [negative]
1.1	11	Mill Pond, Acome, Oregon, June 1914 [print; nitrate negative in Box 06]
1.1	12	Forest fire, ca.1940 [2 prints]
1.1	13	Forest fire, ca.1940 [2 prints]
1.1	14	Entomology Labs: Chamberlin, ca.1939 [print]
1.1	15	Entomology, Station Lab; Corvallis, Oregon ca. 1939 [print; nitrate negative in Box 06]
1.1	16	Entomology Labs, ca. 1939: "A corner in the insect collection room showing Mr. Post, insect technician, [Charles] Starker[?], and Dr. Mote, Entomologist, 10-26-39." [negative]
1.1	17	Dr. [Herman A.] Scullen conducting class in Insect Morphology, 10-26-1939. [print and negative]
1.1	18	Airplanes, 1925-1929: The hopper for orchard dusting attached to Curtis Army airplane. Curtis JN-4 "Jenny," Lt Oakley G. Kelly (pilot). This is possibly the first crop duster in existence. Hopper on side of fuselage was used for experimental crop dusting near Monroe. Thought to be first such use of aircraft in United States. Oregon Agricultural College pioneered operation in 1925. Second pilot was Willard Joseph Chamberlain Jr. who was later on staff at OAC & OSC [print]
6	19	Airplanes, circa 1930s [nitrate negative only]
1.1	20	Automobiles, ca. 1930s: image shows an insect net attached to the spare tire near the front of a 1930s era automobile [print]
1.1	21	Automobiles, ca. 1930s: image shows a man crouching near raised beds with a 1930s era automobile in the background [print, negative]
1.1	22	Automobiles, ca. 1930s: blurry image shows a piece of farm equipment attached to the rear of a 1930s era automobile [print, negative]
1.1	25	Bob Every (right), Tom Bunch (left) [negative]
1.1	26	Fred Hagelstein [print]
1.1	27	Paul Oman [print]
1.2	28	Pendleton Grain Growers Inc. Buildings, ca.1940: Umatilla [print]
1.2	29 - 30	Pendleton Grain Growers Inc. Buildings, ca.1940: Holdman [print]
1.2	31	Pendleton Grain Growers Inc. Buildings, ca.1940: Pilot Rock [print]
1.2	32	Pendleton Grain Growers Inc. Buildings, ca.1940: Rew [print]

1.2	33	Pendleton Grain Growers Inc. Buildings, ca.1940 [print]
1.2	34	Pendleton Grain Growers Inc. Buildings, ca.1940: Sparks [print]
1.2	35	Pendleton Grain Growers Inc. Buildings, ca.1940: Pilot Rock [print]
1.2	36	Pendleton Grain Growers Inc. Buildings, ca.1940: Mission Elevator and Annex [print]
1.2	37	Pendleton Grain Growers Inc. Buildings, ca.1940: Main house showing manholes to outside bins [print]
1.2	38	Pendleton Grain Growers Inc. Buildings, ca.1940: Annex showing manholes to outside bins [print]
1.2	39	Pendleton Grain Growers Inc. Buildings, ca.1940: Main house, inside, showing overhead bins and manhole [print]
1.2	40 - 41	Pendleton Grain Growers Inc. Buildings, ca.1940: Annex basement showing outside and overhead bin spouts as they reach conveyor belts [print]
1.3	42	Poultry, ca.1940's: Chicken house ready for fumigation [print]
1.3	43 - 44	Poultry, ca. 1940's: Chicken Mites. Spraying crates with kerosene. Photos by Ewing. [print; glass negatives in Box 3]
1.3	45	Poultry, ca. 1940's: Chicken Mites. Pump and hose from knap sack sprayer and an old bucket. A good outfit for spraying crates and coops and houses for chicken parasites. [print; glass negative in Box 3]
1.3	46	46 Poultry, ca. 1940's: Chicken Mite. "A colony house covered with a fumigation tent. A colony house before tent is placed." Photos by Moznette. [2 prints]
1.3	47	Apiculture: Class in Beekeeping, O.A.C., 1912 [2 prints; glass negative in Box 3]
1.3	48	Apiculture: 1912 Class [print; glass negative in Box 3]
1.3	49	Apiary of J.H. Berry, Central Point, Oregon, May 14, 1912 [print; glass negative in Box 3]
1.3	50	Apiary Instruction: Class transferring bees to modern hives, circa 1912 [print; glass negative in Box 3]
1.3	51	Apiculture: Hives covered with protection. Winter stand for bee lines (20' sms wide blade?), 1912 [print]
1.3	52	Apiculture: Bee veil, 1912 [2 prints; glass negative in Box 3]
1.3	53	Apiculture instruction: Frame with section of comb built below, 1912 [print; glass negative in Box 3]
2	54	Automobiles - spraying apparatus, ca.1940: injury to Greek juniper [lantern slide]
2	55	Automobiles - spraying apparatus, ca.1940: transporting experimental aphid duster [lantern slide]
2	56	Automobiles - spraying apparatus, ca.1940: Experimental aphid duster, 1939 [lantern slide]
2	57	Automobiles - spraying apparatus, ca.1940: Pea aphid duster [attached to bed of truck]. Oregon Packing Company, Astoria, Oregon, 1940 [lantern slide]
2	58	Automobiles - spraying apparatus, ca.1940: Experimental pea duster, 1939 [lantern slide]
2	59	Spraying Apparatus, 1938-1941: Pea weevil duster. Owner: Brown; Hillsboro, Oregon, 1938 [lantern slide]
2	60	Spraying Apparatus, 1938-1941: Pea weevil duster, Hillsboro, Oregon, 1938 [lantern slide]

2	61	Spraying Apparatus, 1938-1941: Pea weevil duster. Owner: Brown; Hillsboro, Oregon, 1938 [lantern slide]
2	62	Spraying Apparatus, 1938-1941: Experimental hop duster [lantern slide]
2	63	Spraying Apparatus, 1938-1941: Pea weevil duster. Owner: A.L. Gile, 1939 [lantern slide]
2	64	Spraying Apparatus, 1938-1941: Gile aphid duster, 1939 [lantern slide]
2	65	Spraying Apparatus, 1938-1941: Experimental pea duster, 1939 [lantern slide]
2	66	Spraying Apparatus, 1938-1941: Experimental pea duster, 1940 [lantern slide]
2	67	Spraying Apparatus, 1938-1941: Pea duster. Owner: Weber, 1940 [lantern slide]
2	68	Spraying Apparatus, 1938-1941: Pea aphid duster. Owner: Ira Rae, 1940 [lantern slide]
2	69	Spraying Apparatus, 1938-1941: Pea aphid duster. Owner: Ira Rae, 1940 [lantern slide]
2	70	Spraying Apparatus, 1938-1941: Experimental pea duster, 1941 [lantern slide]
2	71	Spraying Apparatus, 1938-1941: Experimental pea duster, 1941 [lantern slide]
2	72	Spraying Apparatus, 1938-1941: Experimental pea duster, 1941 [lantern slide]
2	73	Spraying Apparatus, 1938-1941: Experimental pea duster, 1941 [lantern slide]
2	74	Spraying Apparatus, 1938-1941: Experimental pea duster, 1941 [lantern slide]
2	75	Spraying Apparatus, 1938-1941: Experimental pea duster, 1941 [lantern slide]
2	76	Spraying Apparatus, 1938-1941: Spraying unidentified tree crop [lantern slide]
2	77	Spraying Apparatus, 1938-1941: Unidentified spraying equipment [lantern slide]
2	78	Spraying Apparatus, 1938-1941: Dusting for elm leaf beetle [lantern slide]
2	79	Spraying Apparatus, 1938-1941: Pea weevil duster [lantern slide]
2	80	Spraying Apparatus, 1938-1941: Pea aphid dusting [lantern slide]
2	81	Spraying Apparatus, 1938-1941: Spittle bug. Power duster ready to operate [lantern slide]
2	82	Spraying Apparatus, 1938-1941: Spittle bug. Power duster showing construction of hoods [lantern slide]
1.4	83	Spraying Apparatus: Spraying demonstration, 1914 [print; 4x5 glass negative in Box 4]
1.4	84	Spraying Apparatus: Red spider. Dusting beans with sulphur, Summer 1914. Photo by Ewing. [2 prints]
1.4	85	Spraying Apparatus: Spraying Carnations with soap solution for red spider, 1914 [print; glass negative in Box 3]
1.4	86	Spraying Apparatus: Spraying, Child's Photos, Hood River, Oregon, 1914 [print]
1.4	87	Spraying Apparatus: Dusting, Child's Photos, Hood River, Oregon, 1914 [print]
1.4	88	Spraying Apparatus: Friend sprayer, Child's Photos, Hood River, Oregon, 1914 [print]
1.4	89	Spraying Apparatus: Bean spraying and tractor in Christie yard, 6-19-1924 [print]
1.4	90	Spraying Apparatus: Christie yard, 6-19-1924 [print]
1.4	91	Spraying Apparatus: Barley hops, [Burdie?] yard, 6-11-1924 [print]
1.4	92	Spraying Apparatus: Barley hops, [Burdie?] yard, 6-11-1924 [print]
1.4	93	Spraying Apparatus: Temperature check station, [Burdie?] yard, 6-11-1924 [print]

1.4	94 - 97	Spraying Apparatus, 1930's [print; nitrate negatives for #96-97 in Box 06]
1.5	98	Spraying Apparatus: Blackberry mite, 1932 [print]
1.5	99	Spraying Apparatus: Blackberry mite, 1932 [print; nitrate negative in Box 06]
1.5	100	Spraying Apparatus: Blackberry mite, 1932 [print; nitrate negative in Box 06]
1.5	101	Spraying Apparatus: Showing dusting of hop fields, 1935. Photo by Ken Gray.
1.5	102	Spraying Apparatus: Showing dusting of hop fields, 1935. Photo by Ken Gray.
1.5	103	Spraying Apparatus: Showing dusting of hop fields, 1935. Photo by Ken Gray.
6	104 - 105	104-105 Missing: Spraying Apparatus: Showing dusting of hop fields, 1935. Photo by Ken Gray [nitrate negatives only]
1.5	106	Spraying Apparatus, 1930's: "This method of controlling walnut aphid & codling moth has given best results in California." [print]
1.5	107	Spraying Apparatus, 1930's: image shows what appears to be a fire pit used to create spraying mixture; several farm buildings are visible in the background [print; glass negative in Box 3]
1.5	108	Spraying Apparatus, 1930's: Man mixing sprays in a wooden trough; tree crops are visible in the background [2 prints; glass negative in Box 3]
1.5	109	Farm equipment, 1900-1940 : Lime-sulphur plant and mixing [print; glass negative in Box 3]
1.5	110	Farm equipment, 1900-1940: Onion Maggot spraying machine. [print; nitrate negative in Box 06]
1.5	111	Farm equipment, 1900-1940: Onion Maggot. De Gross and machine. [2 prints]
1.6	112	Farm equipment, 1900-1940: Power duster adapted for Spittle Bug dusting [print; nitrate negative in Box 06]
3	113	Farm equipment, 1900-1940: Close up of aphid catcher for vetch microsiphum pisi, May 1921 [glass negative]
1.6	114	Farm equipment: Onion maggot control measures, 1929-1930 [print]
1.6	115	Farm equipment: Onion maggot control measures, 1929-1930 [print]
1.6	116	Farm equipment: Onion maggot control measures, 1929-1930 [print]
6	117	Farm equipment: Horst dust mixer, Independence, Oregon, August 1934. Photo by Ken Gray [nitrate negative]
1.6	118	Farm equipment: Horst dust mixer, Independence, Oregon, August 1934. Photo by Ken Gray [print; nitrate negative in Box 06]
6	119	Farm equipment: Titus hop sprayer, Independence, Oregon, August 1935 [nitrate negative]
6	120	Farm equipment: Titus hop sprayer, Independence, Oregon, August 1935 [nitrate negative]
6	121	Farm equipment: Mitoma Automatic hop sprayer, Independence, Oregon, August 1935 [nitrate negative only]
1.6	122	Farm equipment, 1900-1942 [print]
1.6	123	Farm equipment, 1900-1943 [print]
1.6	124	Farm equipment, 1900-1944 [print; nitrate negative in Box 06]
1.6	125	Farm equipment, 1900-1945 [print; nitrate negative in Box 06]
2	126	Harvesting/Swathing and equipment: Swathing cannery peas [lantern slides]
2	127	Harvesting/Swathing and equipment: Power swather harvesting cannery peas [lantern slides]
2	128	Harvesting/Swathing and equipment: Harvesting cannery peas [lantern slides]

2	129	Harvesting/Swathing and equipment: Harvesting cannery peas [lantern slides]
2	130	Farm equipment - horse drawn: Filbert insects. Spraying with the Nibler outfit [lantern slide]
2	131	Farm equipment - horse drawn: Spittle bug. Power duster with the row attachment [lantern slide]
2	132	Farm equipment - horse drawn: Swathing cannery peas [lantern slide]
6	133	Farm equipment - horse drawn [nitrate negative]
1.6	136	Farm equipment - horse drawn [print]
1.6	137	Farm equipment - horse drawn [print]
1.6	138	Farm equipment - horse drawn [print]
6	141	Farm equipment - horse drawn: Hop red spider. Spraying operations and machines. [nitrate negative]
6	142	Farm equipment - horse drawn: Hop red spider. Spraying operations and machines. [nitrate negative]
6	143	Farm equipment - horse drawn: Hop red spider. Spraying operations and machines. [nitrate negative]
6	144	Farm equipment - horse drawn: Hop red spider. Spraying operations and machines. [nitrate negative]
6	145	Farm equipment - horse drawn: Hop red spider. Spraying operations and machines. [nitrate negative]
6	146	Farm equipment - horse drawn: Hop red spider. Spraying operations and machines. [nitrate negative]
1.6	147	Farm equipment - horse drawn [print]
1.6	148	Farm equipment - horse drawn [print]
1.6	149	Farm equipment - horse drawn [print]
1.6	150	Farm equipment - horse drawn [print]
1.6	151	Farm equipment - horse drawn [print]
1.6	152	Farm equipment - horse drawn [print]
6	153	Farm equipment - horse drawn [nitrate negative]
1.6	154	Farm equipment - horse drawn [negative]
6	155	Farm equipment - horse drawn: Strawberry crown moth plots. Equipment for covering strawberries (East Farm), 6-11-1934. Photo by Ken Gray [nitrate negative]
6	156	Farm equipment - horse drawn: Strawberry crown moth plots. Equipment for covering strawberries (East Farm), 6-11-1934. Photo by Ken Gray [nitrate negative]
6	157	Farm equipment - horse drawn: Strawberry crown moth plots. Equipment for covering strawberries (East Farm), 6-11-1934. Photo by Ken Gray [nitrate negative]
1.6	158	Farm equipment - horse drawn [print]
1.6	159	Buckboard - horse drawn [negative]
2	160	Bat Roost, G. Thompson [lantern slide]
1.7	161	From "A History of Entomology at Oregon State University": Dr. Don Mote, Department Head, 1926 [print]
1.7	162 - 163	From "A History of Entomology at Oregon State University": Dusting to control Cherry Fruit Fly on sweet cherries, 1930 [2 prints]

1.7	164	From "A History of Entomology at Oregon State University": Dusting Prunes to control Pear Thrips, Umpqua Valley, 1937 [print]
1.7	165	From "A History of Entomology at Oregon State University": Prune Orchard on right sprayed with DDT for Thrips control and orchard on left unsprayed. S.C. Jones (Right) and R.H. Robinson (left), Agricultural Chemist, 1945 [print]
1.7	166	From "A History of Entomology at Oregon State University": Staff and Graduate Students of the Entomology Department, 1957. Front Row: Talaat Mitri, J.D. Lattin, H.E. Morrison, Milton Savos, A.A. Scullen, F.F. Hasbrouk. Middle Row: Warren Adlerz, Gerald Kraft, Don C. Mote, B.G. Thompson, W.J. Chamberlin (Chamberlain?), H.H. Crowell. Back Row: R.W. Every, Gene Carpenter, Robert Nelson, E.A. Dickason, C.H. Martin, Joseph O'Brien, S.C. Jones, L.C. Terriere, Richard Eppley, R.L. Goulding, R.F. Koontz, P.O. Ritcher [print]
1.7	167	From "A History of Entomology at Oregon State University": Buildings at Entomology Farm on Oak Creek Road (south 35th Street), 1958 [print]
1.8	168	Peter Hughes Westigard, taken in the orchards at the Southern Oregon Experiment Station [color print]
1.8	169	Peter Hughes Westigard, taken in the orchards at the Southern Oregon Experiment Station [color print]
5	170	Peter Hughes Westigard, taken in the orchards at the Southern Oregon Experiment Station [color print] [IN OVERSIZE]
5	171	171 Faculty and students, 1958: 1) Talaat Mitri, MS student (J. Lattin); 2) John D. Lattin; 3) Hugh Morrison; 4) Milton Savos, graduate student; 5) Herman A. Scullen; 6) Frank Hasbrouk; 7) unknown; 8) G.W. Kraft, Ph.D. student (J. Lattin); 9) C. Don Mote; 10) Benjamin G. Thompson; 11) W.J. Chamberlin; 12) H.H. Crowell; 13) Paul O. Ritcher; 14) Robert Every, Extension faculty; 15) Gene Carpenter, graduate student (K. Swenson); 16) unknown; 17) Elvis Dickinson; 18) Charles Martin; 19) Joe O'Brien, graduate student (G. Krantz); 20) Sid Jones; 21) Leon Terriere; 22) Dick Eppley, graduate student (W. Stephen); 23) Robert L. Goulding; 24) Robert Koontz, technician [print]
1.8	172	172 Faculty and students, ca. Fall, 1958: 1) Ernie Hodgson; 2) unknown; 3) Roger Ryan; 4) David Smith; 5) Talaat Mitri; 6) Alan Steinauer; 7) W.P. Stephen; 8) unknown; 9) Knud Swenson; 10) Brian Aiscough; 11) Julius Rudinsky; 12) unknown; 13) Clive Jorgensen; 14) Paul Ritcher [print]
1.8	173	173 Faculty retreat at Menucha, 1978: Row 1: Joe Capizzi; Glenn Fisher; Ralph Berry; Lee Ryker. Row 2: Julius Rudinsky; M.T. AliNiasee; Dick Clarke; G.W. Krantz; Peter McEvoy; Victor Brookes; H.H. Crowell. Row 3: Jim Kamm; John Lattin; George Ferguson; Paul Oman; Bruce Eldridge. Row 4: Peter Westigard; Sy Yu; Mike Burgett; Norm Anderson [color print and b/w print]
1.9	--	Systematic Entomology Lab [6 black and white prints, 2 contact sheets, 44 35-mm negatives]
1.9	--	Dr. Carlton Koehler, Entomology Department Head [print]
1.9	--	Unidentified woman using a microscope in the Entomology lab [print]
1.9	--	T.Y. and H.H. Hsiao, Summer 1941. Photo by Scullen [print]
1.9	--	Two unidentified men in an Entomology lab [print]
1.9	--	Entomology calendar spray [print]
1.9	--	ENT 444 class, Aquatics Field Trip, Spring 1981 [color print]

1.9	--	Adults of earwig parasites
1.9	--	Danielson, G. Peters, Central Oregon Lab, 1975. Caption on front reads: 'I think it's gold!'
1.9	--	Gary Peters [print]
1.9	--	Honey Bee Orientation studies [print]
1.9	--	[Burt's?] bees, 1948 [print]. Image shows bee hives in an open area. A burned stand of timber can be seen in the background.
1.9	--	Eunice Au, 1966-1967 [print]
1.9	--	Dr. Mote: Studying the insects, 1929
1.9	--	Image from Swenson and Hagedorn manuscript [5 prints, with captions]: images show diseased pea plants
1.9	--	Portland Earwig and Parasite Lab: Earwig and parasite photographs, circa 1930s. Some photos reference H.H. Crowell [29 prints; 36 unnumbered nitrate negatives in Box 06]
1.9	--	Portland Earwig and Parasite Lab: Partial report, circa 1930s. Figures 2 - 24 [photocopies]
1.10	--	Spittle bugs on strawberries, 1932. Ken Gray and W.D. Edwards [11 photocopied prints]
1.10	--	Linnaean Games Team, 1984. Left to right: Alan Knight, Victoria Meller, Paul Hanson, and Ken West in 2046A [color print]
1.10	--	Unidentified crop [may be strawberries], June - July 1934. Figures 5-26, 29-30 [24 photocopied prints]
1.10	--	Unidentified crop [may be strawberries], undated [9 photocopied prints]
1.10	--	Elm aphid injury (print, negative), 1946; European Elm scale, OSC campus (negative), June 1, 1947. Both by Dr. Rosenstiel.
1.10	--	Hugh Morrison, Associate Professor of Entomology [color print]
1.10	--	Paul M. Oman, Sr. Chair, Professor of Entomology [print]
1.10	--	Ken Gray, man with bald head and cigar [print]
1.10	--	Sid Jones or Bob Lauderdale [2 negatives]
1.10	--	Color slides: images from a presentation on Personal Protective Equipment and workplace injuries, and images of young people at an entomology event [86 color slides]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Allen, T.C. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Amen, Clark R. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Black, A.B. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Chamberlin, Willard J. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Childs, Leroy [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Cordley, A.B. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Crumb, S. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Davis, John [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Dimick, Roland E. [3 prints, 1 negative]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Dickason, Elvis A. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Edwards, Don [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Ellertson, Floyd [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Every, Robert W. [2 prints]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Ewing, H.E. [print]

1.11	--	Faculty portrait photographs, ca. 1890-1972: Ferguson, George R. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Fulton, B.B. [2 prints]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Gentner, Louis G. [2 prints]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Gray, Ken [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Jones, Sidney C. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Koontz, Robert [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Lathrop, F.H. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Lauderdale, B. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Lovett, A.L. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Morrison, H.E. [print, 2 negatives]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Mote, D.C. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Olney, Verne [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Rieder, R.E. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Ritcher, Paul O. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Rosenstiel, R.G. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Rudinsky, Julius A. [2 prints]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Schuh, Joe [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Stone, Marshall W. [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Swenson, K.G. [3 prints]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Tanner, Carl [print]
1.11	--	Faculty portrait photographs, ca. 1890-1972: Thompson, Benjamin G. [print]
