

Accession 2014:075

(RG 251) Water Resources Research Institute (WRRRI) Records, 1947-2009

Reports

Box 1

Annual and Fiscal Year Reports, 1966-1997 (6 folders and 20 volumes, incl. allotment request reports)

Water Research Summary Reports, 1966-1972 (4 volumes)

Oregon Water Resources Research Institute Evaluation Reports, 1992-1993

Water Resources Research Plan for Oregon for the Period 1982-1987, 1980

Compiled Technical Peer Review Comments for Data for the Screening Assessment Vol. 1 Text, 1996
(Columbia River Comprehensive Impact Assessment Project)

Director's Technology/Information Transfer Program 1983-1984

Oregon Groundwater Community Involvement Program-Annual Report: March 1994 to April 1995

Publication Lists, 1995-1999

General Informational Reports, ca. 1966-1976

Box 2

WRRRI Research Reports

An Analysis of the Distribution of Snowfall in Oregon, 1995

Analysis of Costs and Benefits of Agricultural Irrigation in North Central Oregon, 1994

Assessing Stream Potential For Backyard Hydropower, 1980

Gravel Disturbance Impacts on Salmon Habitat and Stream Health, 1995

Riparian Zone Systems, Uses, and Management, 1984

Salmon Habitat Study: Gravel Removal, Salmon Habitat, and Stream Health, 1994 (draft)

Sediment Transport Research Facilities-Oak Creek, Oregon, 1979

Statistical Summaries of Streamflow Data in Oregon: Vol. 1 Monthly and Annual Streamflow, and Flow-Duration Values, 1990

Newsletters/Circulars, 1968-1996 (2 folders)

Conference Proceedings

James V. Vomocil Water Quality Conference, 1994-1997 (5 volumes)

Megawatts from Small Hydro, 1981 (2 folders)

Nonpoint Source Pollution: The Unfinished Agenda for the Protection of Our Water Quality-Technical Sessions of the Conference, 1991

Salmon-Spawning Gravel: A Renewable Resource in the Pacific Northwest? 1980

Streambank Protection and Restoration Conference, 1994 (2 folders)

Transfer of Water Resources Knowledge Conference, 1972

Water Resources Education, Training, and Practice: Opportunities for the Next Century, 1997

Box 3

Tualatin River Basin Studies, 1965-2003 (Various reports, studies, and theses. 35 volumes in total, with 21 issued by the WRRI and the rest printed by Portland State University, the U.S. Geological Survey, and the U.S. Department of Agriculture.)

John Day River Basin Projects (GIS; reconnaissance studies) , 1947-2009 (Various reports, student papers, and a declaration of cooperation by the Lower John Day River Conservation Workgroup. 4 folders and 10 volumes in total, with Oregon Water Resources Dept., U.S. Army Corps of Engineers, U.S. Dept. of the Interior. Nothing produced by the WRRI.)

Boxes 4-6

Research Project Files, 1981-1994

Box 7

Reference Materials (non-WRRI publications and reports)

Columbia River Basin Fish and Wildlife Program Overview, 1994 (Northwest Power Planning Council)

Ecological Risk Assessment: Use, Abuse, and Alternatives, 1995 (Center for Analysis of Env. Change)

A Field Evaluation of Mink and River Otter on the Lower Columbia River and the Influence of

Environmental Contaminants, 1996 (Lower Columbia River Bi-State Water Quality Program)

Guidance for Water Quality-based Decisions: THE TMDL Process, 1991 (EPA)

Integrated Technical Report-Summary and Synthesis of Study Findings: 1990-1996 (Lower Columbia River Bi-State Water Quality Program)

Municipal Water Supplies from Forest Watersheds in Oregon, 2001 (OSU Forest Engineering Dept.)

NMFS White Paper on the Oregon Forest Practice Act, 1996

Oregon Rivers Information System-Operation Manual, 1994 (incl. 4 floppy diskettes)

Oregon State of the Environment Report 2000: Statewide Summary

Protecting Roadless Areas in Clinton's Forest Plan: A Call To Action, 1993 (Headwaters)

Riverine Gravel Mining in Wash. State, Effects on Salmonid Habitat, and Gov. Regulation, 1994 (EPA)

The Watershed Protection Approach: an Overview, 1991 (EPA)

Transcripts of Interviews, 1994 (4 folders; Interviews were part of a project researching organizational decision making in administrative bodies involved in fisheries management and power generation. The four organizations represented are: the Bonneville Power Administration, the Northwest Power Planning Council, Portland General Electric, and the Oregon Department of Fisheries and Wildlife)

Slide Presentations

The Riparian Zone: Human Activities (2 sets in 2 folders)

The Riparian Zone: Nature's Magnificent Resource (2 sets in 2 folders)

"Water Slides" (loose images found in an envelope from the Riparian Zone presentations)

Sound Recordings

Interviews with BPA, NWPPC, ODFW, and PGE Personnel, 1994 (8 cassettes)

Tapes for "The Riparian Zone" Presentations (8 cassettes)

VHS Videotapes

Arm Flood (12-21-94)/1990 Flood/Ta6 Meeting (1-16-95)

The Cutting Edge Technology Report-TMDLs (Information TV Network show #1042)

The Tualatin: A River Worth Saving, 1992

Water Cleanup Plans-TMDLs

WRRRI Fall 1998 Seminar Series: Eastern Oregon Water Issues, Past Problems, Current and Future Solutions
